ABOUT US

Camrola Quartz Ltd., is a producer of quartz stone located in **Gujarat**, India with a capacity to manufacture **21000 SQFT** of quartz stone daily.

Camrola Quartz is an engineered stone used for a variety of applications in the building and construction industry, be it residential, non-residential or Commercial. Camrola Quartz can be used either in existing buildings, homes, offices, etc. or in new construction projects instead of tiles or natural stones, to enhance durability, strength as well as to minimize maintenance costs for the end users. Camrola Quartz stone eliminates most of the innate deficiencies of natural granite stone as well as enables designs that are customized to the end user's choice.

Camrola Quartz has been setup with the highest level of quality and systemic controls that ensures consistent production with minimal wastage. Camrola is leading by example and is transforming quartz into breathtaking surfaces and exceptional customer experiences. Camrola's management is composed of top management from the Indian engineered stone industry with experience in sales and manufacturing with multinational experience from USA and Singapore.

Collection
that make sense

SIZES & THICKNESS

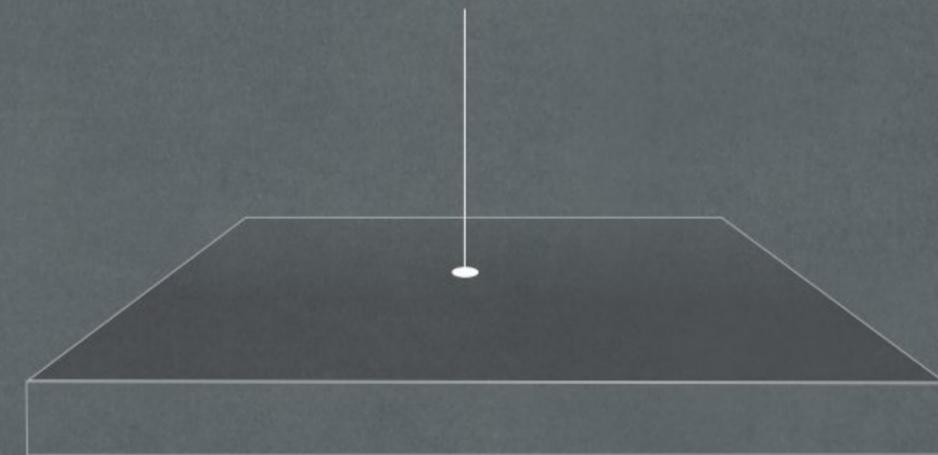

Our sizes and thickness provide your space with the perfect blend to meet various needs, covering all areas without wastage. The thickness adds strength and stability to achieve an extraordinary look, creating an astonishing and awe-inspiring home or commercial environment.

SIZE

3485MM x 1985mm

3225MM x 1625mm

3150MM x 1450mm

**THICKNESS: 15MM
20MM
30MM**

Inspired By Nature Art

Appreciating nature's design through an art of your creativity.

ADVANTAGES

Designed to suit urban spaces, the quartz that delivers ultimate comfort with their rich features.

RESISTANT TO UV

MAINTENANCE FREE

ECO FRIENDLY

DIMENSIONAL STABILITY

HIGH PHYSICAL STRENGTH

RESISTANT TO FROST

EASY TO CLEAN

RESISTANT TO SCRATCHES

RESISTANT TO ACID AND ALKALI

RESISTANT TO STAINS

RESISTANT TO CHEMICALS

RESISTANT TO FIRE AND HEAT

APPLICATIONS

The quartz are multi-faceted, making them applicable in abundant spaces.

Size Consistency	High	High	Low	Low
Colour Consistency	High	High	Low	Low
Supply Consistency	High	High	High	Low
Colour / Pattren / Texture Options	High	High	Low	Moderate

Like all fine materials, Camrola Quartz responds best when handled with due care and attention. Remember, it is always easier to wipe up a spill than it is to handle a dried stain. Just wipe away any spilled food before it turns into a permanent stain.

Remember that detergents containing bleach and hard scouring granules may harm surfaces over time. Therefore, pay due attention to your detergent selection by never using cleaning products that contain soft or hard scouring granules such as vim scouring power or CIF Cream.

Products with pH close to neutral or with reduced pH effect (general cleaning products which may be commercially available on shelves) may be used at all times. However, prolonged contact with decalcified and products containing decalcifying agents as well as oil solvents and products containing oil solvents must be avoided.

Gently scrape away any spills of paint, nail, enamel, chewing gum, mustard, grease, etc using a plastic spatula as soon as possible. Make sure you cleanse the surface with water thoroughly.

Quartz being one of the hardest minerals on earth, offers an unparalleled strength and durability that prevent easy scratching and damage. Still, as with any surface, Camrola Quartz can be permanently damaged by exposure to strong forces that undermine its physical properties. In order for your countertop to maintain its good looks for many years, always use a bread/chopping board and a table mat (trivet)

TECHNICAL SPECIFICATION

Property	Results	Method
Water Absorption	<0.05%	ASTM C97-09
MOH's Hardness	6.5 - 7	MOH's Hardness Scale
Thermal Shock	No Damage, Passed 5 Cycles	ASTM C484
Compressive Strength	24000 Psi	ASTM C170
Flexural Strength	8500 - 9000 Psi	ASTM C880
Moisture Absorption	Negligible	ASTM C97
Abrasion Resistance	21.5 mm	ASTM C1253
Density	2.4 g/cm ³	ASTM C373
Cigarette Test	Unaffected	ANSI Z124.6
Stain Resistance	Unaffected	ANSI Z124.6
Bond Strength	205 Psi	ASTM C482
Wear Resistance	Unaffected	ANSI Z124.6
Thermal Expansion	2.5 x 10 ⁻⁵ in/f	ASTM C531
Chemical Resistance	Unaffected	ASTM C650
De-Icing Resistance	Unaffected	ASTM C672
Freeze-Thaw Resistance	No Damage, Passed 15 Cycles	ASTM C1026
Surface Burning Characteristics	17 (Class A/1 Rating)	ASTM E84
